The Grapevine family restaurant started with the ambition of one man, Michael Trak, also known as "Chef Mike". Upon arriving in America from overseas in 1971 with no more than a five-dollar bill and a pocket full of family recipes, he began to cook, bake, and sauté his way through the restaurant business. Shortly after, in 1972, his wife Mary followed him. They continued to work tirelessly side by side for the years to come. While Chef Mike was working his magic in the kitchen, Mother Mary was in the dining room greeting and serving their guests. The Trak family not only treats their customers as if they are royalty, they reflect that same passion onto their employees as well.
